## Ashing receives 40-year sentence

By Shay Wessol  
Staff writer

Roena Ashing of Granite City Monday received a 40-year sentence for allegedly masterminding last summer's brutal murder of Thomas Bauer.

On Tuesday, co-defendant Jeffrey Ramsey, 26, was sentenced to 55 years in prison in accordance with his plea agreement and Robert Russell, 20, was sentenced to 35 years.

Ashing, 39, denied her involvement in the case Monday before Associate Judge J. Lawrence Keshner passed the sentence.

"I think it's a ludicrous idea that I could be involved in such a reprehensible act," she said. "I'm not guilty; I never was guilty, but I'm still here."

Ashing had pleaded guilty to the first-degree murder in return for a 60-year cap on her prison sentence. Last month Keshner rejected her motion to withdraw the plea. At that hearing, Ashing claimed she had made an irrational, fear-based decision after Assistant State's Attorney Robert Trone announced he would seek the death penalty if she was convicted by a jury.

Keshner said he was concerned about

You gave them the idea.  
You gave them the reason.  
You sent them on their  
dastardly deed.

— Judge J. Lawrence Keshner  
...admonishes Roena Ashing

Ashing's lack of remorse for the crime and said greed was the motive for her involvement. Keshner said though Ashing had not forced the four co-defendants, to murder Bauer, she had "set in motion the forces" that resulted in his death.

"You gave them the idea," Keshner said. "You gave them the reason. You sent them on their dastardly deed." Ashing's attorney, Rand Hale, had asked for a 20 year sentence. Hale said Ashing should not receive a harsher sentence than those who actually committed the murder.

All four co-defendants have pleaded guilty to the murder. John McIntyre faces a maximum of 50 years; he will be sentenced. (See ASHING, Page 10A)

## Flood is history

River dropping to flood stage

By Mike Myers  
Staff writer

The Great Flood of 1993 will officially end today if the Mississippi River, as expected, drops below flood stage for the first time since April.

"I guess the merry-go-round is slowing to a halt," said Metro East Sanitary District President Shang Greathouse on Monday. "It's been some kind of ride."

The Mississippi River crested at 49.43 feet Aug. 1 — almost 19 1/2 feet above flood stage and the highest level in recorded history. Only levee failures July 31 in Chesterfield and Aug. 1 in Monroe County that each flooded thousands of acres kept the river from going even higher here, according to the U.S. Army Corps of Engineers.

For most of July and August, the MESD operated around the clock fighting the flood. The agency's effort was successful as all 63,000 acres in the district stayed out of the river's reach.

The Mississippi was still a foot and a half above the 30-foot flood stage Monday and heavy rains flooded sections of Iowa over the weekend. But the Corps of Engineers said the Iowa flooding shouldn't have much effect on the river here and the Mississippi was expected to drop below 30 feet today.

Greathouse was surrounded Monday by bills run up by the MESD during the flood in preparation for the district's filing for state and federal reimbursement from disaster aid funds.

"I've got stacks of time sheets here six inches high," he said. "Based on past experience, we made sure we kept absolute down-to-the-penny records of everything we spent."

Greathouse said the district was still waiting to find out the rules for reimbursement and whether the district will be reimbursed for the full cost or for 75 percent of the cost.

"I was at a meeting in Springfield last week with Gov. (Jim) Edgar and the governor wants the whole thing reimbursed," he said. "I'd love that, but we'll take whatever we get. We're talking hundreds of (See FLOOD, Page 10A)

## Bridge funds in danger Venice worries about its 'match'

By Mike Myers  
Staff writer

The \$5.5 million federal grant for renovation of the McKinley Bridge may be in danger of becoming "unused" money that is fair game for other congressional projects needing funding.

The renovation project requires several million dollars in matching local funds and Venice, which owns the bridge, has sought help from other sources to come up with the local share.

U.S. Rep. Jerry Costello met with Venice Mayor Tyrone Echols and other area officials recently to put together a consolidated position on providing the local share of funding for the project in case Costello finds he needs to defend the federal grant.

Echols said another meeting is planned with Costello next week to put together a final report.

Madison County Board Member Don Garrett, writing in his weekly column in the East St. Louis Monitor last week, said

"one of the problems that Venice officials face in negotiating (for funding help) with other governmental agencies is how much the (city) is willing to spend. ... sources say the city is willing to spend money only from one account and wants to 'save' the 'other' (account) for 'future emergencies.'"

"But as officials from other agencies are saying, 'We don't blame Venice for wanting to save its money, but they would like to save ours too. Venice can't have its cake and eat it too.'"

Echols said he assumes the accounts Garrett is referring to are the Painting Reserve account and the Repair and Improvement account. The Venice City Council voted last month to commit the paint account — approximately three-quarters of a million dollars — to the project.

Echols said the city is also willing to spend some money from R&I account, but said the city now spends about \$25,000. (See BRIDGE, Page 10A)

## Applications for Old Newsboys grants available

Since 1957, more than \$5 million has been raised by the Old Newsboys Day fund drive. Every penny collected is distributed to children's charities in the metro St. Louis area.

Organizations that serve children now may apply for a 1993 Suburban Journals Old Newsboys Day grant. To receive an application, agencies should send a self-addressed, stamped envelope to: Old Newsboys Day Applications, c/o Suburban Journals, 1714 Deer Tracks Trail, St. Louis, Mo., 63131.

All applications must be received or postmarked by Oct. 13.

Last year, almost \$215,000 was raised and distributed to more than 200 local children's charities.

## Dispatcher files suit against city

By Bob Slate  
Staff writer

A Granite City police dispatcher is asking a federal jury to decide if she was discriminated against by the city, the police department and the former police chief because of her gender and her marital status.

Mary Parker filed the lawsuit July 29 in U.S. District Court in East St. Louis following an investigation by the Illinois Department of Human Rights into charges she filed with the Equal Employment Opportunity Commission.

The two agencies ended their investigation in May of this year when the EEOC issued Parker a notice of her right to sue.

The lawsuit asks a federal jury to decide if Parker was discriminated against on the basis of her sex and marital status.

The lawsuit states that Parker was deprived of shift differential and overtime compensation; was prevented from selecting which shift she would work; and has suffered emotional pain, suffering work; and has suffered emotional pain, suffering work; and has suffered emotional pain, suffering work. ## Lottery sets ballot positions

By Bob Slate  
Staff writer

Eldin E. Rea has won the top spot on the Nov. 2 ballot in the Granite City school board race.

Rea won first place on the ballot in a lottery last week among the eight candidates who filed simultaneously Aug. 16 — the first day of filing for the board.

The eight were among the 11 candidates — including four incumbents and a former board president — who are seeking four seats on the Granite City Board of Education.

In other area school elections, two newcomers will join three incumbents in seeking four school positions in Madison and a challenger will attempt to unseat one of four incumbents in Venice.

A lottery was held Aug. 24 to determine the placement of the names on the Nov. 2 ballot in (See LOTTERY, Page 10A)

## 2 charged in teen's beating

Two Troy men are facing aggravated battery and other charges after allegedly beating a Granite City teenager with a broken beer bottle at a late night party near Troy last month.

Arrested were Charles T. Gammon Jr., 30, of the 300 block of East Market, and Bruce D. Bourland, 21, of the first block of Colonial Acres Road, both of Troy. Both were in custody Friday in lieu of \$175,000 bond.

Gammon was charged with one count of aggravated battery for his alleged participation in the Aug. 15 brawl. He was also charged with two counts of intimidation for allegedly threatening — on Aug. 20 and Aug. 24 — to kill a female witness to the fight.

Bourland was charged with one count of intimidation for his alleged threats on Aug. 24 to kill the same female witness. He was also charged with one count of aggravated battery.

Sheriff's deputies responded to a battery report from Anderson Hospital about 4 a.m. on Aug. 15 after a 15-year-old Granite City boy arrived at the emergency room, according to a Sheriff's Department report.

The boy had been severely beaten about the head and face, sustaining a broken nose and jaw, tooth loss, blackened eyes and extensive bruising and bleeding of the complete face, the report said.

Witnesses to the fight at the Silver Creek Bridge on lower

Marine Road said unknown suspects had attacked the boy, beat him and left him lying at the side of the road at an apparent "road party," the report said.

According to the report, the witnesses and the boy were "belligerent" and did not volunteer much information about what happened. All the witnesses were underage and had been drinking, the report said.

"Basically it was a beer party that turned into an argument," said Detective Harvey Haynes of the Sheriff's Department. "Basically, the kid got hit in the head with a bottle."

The boy was released from Anderson Hospital on Aug. 19.

An anonymous caller to the Sheriff's Department named the assailants, Haynes said. The boy's friends, from Granite City and Edwardsville, did not know the names of the Troy attackers, he said.

Haynes said he did not expect more charges to be filed in the brawl.

"At this point, I think we did a pretty good job of getting the two arrests, since none of the friends knew the attackers," he said.

## Indictment alleges drug sales

A 23-year-old Venice man was indicted Aug. 17 on federal drug charges, U.S. Attorney Clifford Proud announced Thursday. Stephen J. Boyd of the 600 block of Lincoln Avenue was indicted for one count of conspiracy to distribute cocaine base, commonly known as "crack cocaine," and two counts of distribution of cocaine base.

The indictment was originally suppressed, but unsealed last week, Proud said.

Also named in the indictment is Torrey Deal, 18, of Alton. If convicted, each count carries a minimum sentence of five years imprisonment and a maximum sentence of 40 years imprisonment and a \$2 million fine.

The indictment came as the result of an investigation by the federal Drug Enforcement Administration's Metro-East Task Force, the Bureau of Alcohol, Tobacco and Firearms, the Illinois State Police and the Metropolitan Enforcement Group of Southwestern Illinois.

## Displaced families getting special help

Families who have been displaced from their homes because of recent flooding are now eligible to receive \$250 in monetary assistance from the Tri-Cities Area United Way. The United Way Executive Committee voted to provide \$20,000 of emergency funds to assist evacuated families.

Both local Chouteau Township families and employees of local companies who have been displaced from their homes will be assisted.

"We know that United Way contributors in this community

want quick and positive action to help those who lost their homes due to the devastating flood," explained David Kins, United Way volunteer and allocations committee chairman.

"Each family displaced because of the flood has different needs. Some families need help with housing expenses, others with food, others with transportation or cleanup supplies.

"We feel that the best way to help meet these diverse needs is to offer immediate monetary assistance which can be used to

fit the needs of individual families." The United Way monetary awards are additional assistance provided to flood victims.

A newly developed United Way program is already distributing collected food, housewares, furniture, appliances, cleaning supplies and other items donated by area businesses and individuals for flood victims.

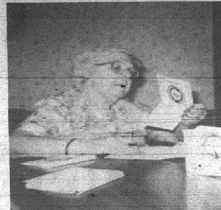

The local United Way is working in cooperation with Protestant Welfare Association and the Tri-City Chapter of the American Red Cross, which are both playing a major role in local flood relief.

Both agencies receive ongoing support from United Way contributors.

"The flood really has brought out the best in many of us," said Judy White, United Way staff member.

"People have responded overwhelmingly to our requests for donated items and volunteer manpower. Everyone wants to do something to help."

"Even residents from Colonial

Care Center are helping by writing thank you notes to contributors and volunteers.

It is estimated that about 80 families living or working in the Quad City area have experienced severe losses due to the flood.

Those displaced from their home who might qualify for assistance may call the United Way at 677-6780 for more information.

# 20 years of befriending foreign students

Doris Gvillo likes to think she has more than 130 children throughout the world.

For more than 20 years, Gvillo has been a friend to foreign students at Southern Illinois University at Edwardsville.

Gvillo admits that she got into the International Hospitality Program with some reluctance. "My friend was involved in it and kept telling me that I should do it. I finally took a student from Pakistan, and I've been doing it ever since," she said.

She is now the ethnic coordinator for the International Hospitality Program and stresses that the investment of a little time and concern — and dues of \$8 a year — pays off handsomely in terms of friendships and knowledge.

Gvillo is quick to point out that the host family does not have to house or finance the students. "You help the student shop, you offer moral support, advice on banking, housing and health and invite them over for dinner," she

said.

"Right now, I host a student from Pakistan and a student from Kenya. I can cook their food pretty well."

Gvillo, who has had students from Pakistan, Norway, China and India, said she has found it rewarding.

"We've lived on a farm all our life. I've never traveled out of the country besides Canada. Having these students is like having the whole world on your doorstep."

"She added that the experiences have broadened her own horizons."

"I was raised with people who had similar ideas, but as you talk with other people, you find that they have other ideas. For instance, we don't like the idea of arranged marriages, but it works in Pakistan and India. Maybe it's not wrong if it works for others," she said.

Gvillo has two children and four grandchildren but said she feels she and her husband, Bill,

are grandparents to many children. "We have the addresses and keep in contact with about 130 people, and they send us photos of their children," she said.

Gvillo said an added benefit of being a host family is that having the students around has helped her grandchildren with

geography.

"On a map we would show them where the students were from. I also think this has helped them to be more accepting of different cultures," she said.

## Fall Planting

It's Nature's best time! Here are helpful tips from the experts at

**FRANK'S®  
NURSERY & CRAFTS**

*Where Beautiful Things Begin*

**T**he best time of the year for planting is here! The amount of daylight is much less, and the temperatures are not muggy a bit cooler now. These are optimum conditions for newly planted landscapes.

Fall is not only ideal for planting trees and shrubs, it's also perfect for sodding or seeding a new lawn or just reinvigorating an existing one.

**Reseeding Bare Spots**

If your lawn has become patchy over the summer, you can fix it rather easily. Here's how to do it.

Rake out any existing grass and work the soil with a rake or hoe. Apply Frank's Seed Starter Fertilizer (18-24-6) to the area and rake it in. Then choose the correct grass seed and scatter it over the area. A Frank's hand-held spreader makes sowing grass seed much easier. Lightly rake the seed into the soil and cover it with weed-free straw, salt hay, or lightweight landscape fabric. This keeps moisture in and birds out.

**Reseeding an Entire Lawn**

This is done much the same way as reseeding bare spots, but of course, there's more work. First, remove all existing grass and weeds with Ortho Kleenup. This is a non-selective product, which means it doesn't sort out the good stuff from the bad. It kills everything it contacts, so be careful how you use it. Keep it away from flowers, shrubs and the neighbor's property!

Follow the same steps as you would when reseeding bare spots. When the new grass reaches a height of 3 inches or so, you can safely mow it. You don't need to apply additional fertilizer until next spring.

If straw or hay is allowed to dry out, it can be scattered about by the wind, and cover some remarkable distances in the process. This will not only destroy your protective covering, but it can easily draw the ire of neighbors who don't have raking up hay on their list of chores. Keeping the stuff as moist as possible will help make sure it stays where it belongs.

**Trees and Shrubs**

When you plant trees and shrubs now, they'll have the entire fall season and next spring to become established and develop strong, vigorous root systems. This will make them better equipped to handle next summer's heat.

We've discussed planting before, but there's no harm in a refresher course, since more people will be planting during the month of September.

Dig a hole at least three times wider, but only slightly deeper than the root ball. Replace up to a third of the soil removed from the hole with organic material such as peat moss, compost, well-rotted manure, etc. Add bone meal or a starter fertilizer to encourage quick establishment and root development. Mix all of this together with the soil.

If the plant is potted, remove it from its container. If it's balled in burlap, pull the burlap down around the sides, so that no burlap will be above the soil level. Do not remove the burlap entirely.

Set the plant in the hole, making sure it's straight, add some of the soil mixture, then some water to help the soil settle. When the water disappears, finish filling in the hole. Water frequently. The new planting must be kept moist.

It's only early September, and there's much more that can be done in the fall, so stay tuned!

**From Our Readers**

Here are two of several excellent tips sent to us by Cathie Landry of Florissant. We'll print some of the others at a later date.

She uses raffia, available at Frank's Craft Department, to tie plants to their supports. It's not noticeable and it's environmentally friendly.

Mrs. Landry says that old lamp shade forms, minus the fabric, make excellent supports for peony and mimosa. The supports can be painted brown or dark green.

## Neighbors program hits \$512,000

Illinois Power, its customers and employees pledged or contributed a record \$512,000 to the Warm Neighbors program in the past year to help nearly 2,000 families pay heating bills.

"P customers and employees really came through for their neighbors in need," said Lerton Krushas, executive director of the Energy Assistance Foundation fund-raising campaign. "We helped 1,970 families pay their heating bills this past winter and have weatherized more than 1,300 homes to date."

The EAF administers the Warm Neighbors program.

Between Oct. 1, 1992, and Sept. 30, 1993, nearly 20,000 Illinois Power customers and employees will have made one-time or monthly donations to Warm Neighbors totaling \$412,000. The utility's annual \$100,000 match boosted the fund to \$512,000.

Contributions totaled \$465,000 in 1991-92 and \$261,000 in 1990-91 when the program began.

The EAF is an independent, non-profit organization founded by Illinois Power in 1982 to weatherize homes of low-income families, lowering their energy costs. The program expanded in 1990 to help pay heating bills for financially distressed families.

For more information on how to contribute or where to apply for assistance, call Illinois Power at 1-800-755-5000.

**Water quality** — Amy Heath, left, a teacher at Granite City High School, was among educators who learned how to analyze river water quality during a week-long seminar at Southern Illinois University at Edwardsville. The seminar was for teachers who will be participating in the Illinois Rivers Curriculum Project. Also pictured are teachers Tom Green and Bill Dinger.

## Coroners want higher certificate fees

SPRINGFIELD — County coroners plan to lobby for higher fees for death certificate copies to provide better equipment and training for autopsies and other investigations.

The Illinois Coroners' Association said last week that members will push the Legislature to add a special \$2 fee for certified copies of death certificates.

Half the money would go to the Illinois Law Enforcement Training Board to provide training to coroners in death investigations. The other half would go to the Illinois Necropsy Board to provide grants for facilities and morgue equipment.

The coroners said they would work for passage of a bill they introduced in March that passed the Senate but was not called for a vote in the House before lawmakers adjourned in July.

Only a handful of Downstate counties have their own morgues, noted Bill Anderson, association executive director and formerly a longtime McLean County coroner.

Madison County will have its own morgue this month when a \$50,000 facility opens in

Edwardsville. The pathologist who does autopsies for the county threatened to quit unless a professional morgue was provided.

Anderson said regional morgues could be opened for several smaller counties if the grants were available.

Although no area coroners participated in the news conference, St. Clair County Chief Deputy Coroner Robert Shay said his county desperately needs a morgue.

"We get a lot of dumpers who bring people across the river and kill them and leave them in East St. Louis," Shay said, add-

ing that the county relies on a funeral home in East St. Louis for storage of unclaimed bodies.

The coroners group cited the example of the recent murder of James Jordan, the father of Chicago Bulls basketball star Michael Jordan, in South Carolina. The local coroner there, who had no storage facilities and little training in death investigations, had the elder Jordan's body cremated when it was not claimed or identified.

Illinois coroners at the news conference said they were unaware of any coroner ordering a cremation of an unclaimed body in the state, however.

## McKenzies to appear here Saturday

The McKenzies will appear at 7 p.m. Saturday, Sept. 4, at the New Life Assembly, Faith and Buxton avenues.

The McKenzies, although relatively new to performing together, are certainly not new to gospel music. The brothers, Matthew, Emmett and Wesley, grew up singing with their family in church.

Melody, Emmett's wife, has been involved in church music all her life. As a mixed quartet, the group has performed part-time for several years. Individually they have ministered in church music programs in Missouri, Illinois and Tennessee.

In April 1991, they came together to form the McKenzies, a mixed quartet with a traditional/contemporary format.

The group has attended Calvary Temple Assembly of God in Greenville, where they are active members, for over 20 years.

Melody is a graduate of Evangel College in Springfield, Mo., where she studied telecommunications and music and toured with a student ministries music group. She plays piano and keyboards and arranges most of the group's music.

Matthew is a graduate of Greenville College in Greenville, where he obtained a degree in mathematics. He studied graduate mathematics at Eastern Illinois University, Charleston. He plays bass guitar and helps arrange the music.

Emmett is a graduate of Greenville College, with a degree in mathematics. He plays guitar and sings lead for the group.

Wesley is also a graduate of Greenville College, where he studied mathematics and history. He attended Stamps-Baxter School of Music in 1990 and sings baritone for the group.

Timothy earned a bachelor's degree in business management from Greenville College. He is the sound technician and booking agent for the group.

## Virgin Statue of Our Lady of Fatima in Belleville

The International Pilgrim Virgin Statue of Our Lady of Fatima will be in the Diocese of Belleville from Sept. 3 through Sept. 24.

The statue was blessed by the Bishop of Fatima on May 13, 1947, at the great Shrine in Fatima, Portugal as the first "Pilgrim" statue used to promote worldwide knowledge of the Fatima message — the "Peace Plan From Heaven." It has traveled extensively throughout Europe, Africa and Asia, and was taken briefly into Czechoslovakia and other Iron Curtain countries.

It was also blessed by Pope Pius XII, who publicly marveled at what he called "miracles of grace," which seemed to accompany the image wherever it traveled. It was brought into the United States in June 1974, after 27 years in other countries, where it was seen and venerated by more than 200 million people. Accompanying the statue, and preaching the Fatima message of "Prayer and penance" for peace, is Carl Malburg, of the Blue Army National Office, Washington, New Jersey.

Sponsored by Belleville Diocesan Division World Apostolate of Fatima, the statue is scheduled to be at the following local churches:

Shrine of Our Lady of the Snows, 9500 W. Illinois 15, Belleville, Friday, Sept. 3, at 7:30 p.m.

and damage as a result of a directed order issued by former police Chief Don Knight. The order prohibited husbands and wives from working the same shift at the police department.

Mary Parker was hired as a dispatcher in August of 1988. She married Sgt. Jeff Parker in September of 1989.

Although various combinations of blood relatives are employed at the police department (such as father and son), the Parkers were the only married couple employed there when Knight issued the order in October 1991.

The suit does not question Knight's authority to issue the order, but alleges that the order discriminated against Mary Parker and deprived her of her civil rights.

Although the order was rescinded by Knight in September of 1992 following a union grievance and subsequent arbitrator's decision stating that the order was discriminatory against

a month from that account for emergency repairs and "I would hate to deplete the account so much that we couldn't make repairs in an emergency."

Venice has been working with officials from Madison County and the states of Illinois and Missouri to obtain help with the local share of the funding, Echols said, and he admitted that all three states have agreed to scrap the bottom of my barrel before they commit any of their money."

Echols said both Madison County and Illinois have agreed to help with the funding and the discussions are now about the amount of funding each is willing to provide.

"I guess some people think I'm hoarding money or something, but the truth is that there's not much sense worrying about a new deck if the bridge is going to fall through," Echols said.

"We're willing to commit whatever we've got to this project, think if Mr. Garrett took the time to discuss this issue, to look at the records — they're all

thousands of dollars at the very least and maybe even a million or so by the time we add everything up."

Federal and state inspectors were at the MESS on Monday to look at the district's records and assess the damage to the district's levees caused by the flood.

"We're in much better shape than most of these little levee districts," a greasewood said. "Since we didn't get flooded, I'm sure we're low on the totem pole when it comes to getting money right away."

"I don't like that, but if the choice is get wet and paid first, or stay dry and get paid last, I'd rather wait for my money."

Mary Parker, she "continues to suffer injury and damage by virtue of the discriminatory affect of (the order) in that she was prevented from selecting the same shift as her husband until Jan. 1, 1993," the suit alleges.

It asks for compensatory damages as well as attorney's fees and costs of the suit.

The charge filed with the EEOC alleges that Mary Parker was twice denied overtime and that she was denied choice of shift as a result of the order, that she was discriminated against by Knight in disciplinary matters in retaliation for filing the suit, and that she was harassed by Knight as a result of her marital status.

It also specifically alleges that Knight used derogatory and demeaning terms toward Mary Parker, and that former Assistant Police Chief Ron Selph, now mayor, told her that he personally heard Knight refer to her in a derogatory fashion.

Because the case is named as a co-defendant in the suit and Selph is now mayor, he declined to comment on the lawsuit.

Knight retired in May.

Walt Whitaker, 3272 Kilarny Drive; Gregor Nighossian, 412 Lydia Lane; Steven F. Dohrn, 49 Joseph Ct. former board President Roy J. Kobarn, 4037 Sara St.; and current board President Mark Eavenson, of Cobblestone Court.

In Madison, five candidates filed for four open slots.

public — he would probably agree. If he wants to write about what we're doing, that's fine. But I wish he would write after he gets the facts.

Echols said he isn't worried about losing the federal grant. He said all projects that haven't been finalized face the possibility of losing funding, but said he has been assured "a lot of other projects will get cut before they get to ours."

"The fact is there is nothing I or anyone else could do to stop Congress from cutting this if Congress really wants to cut it. But we'll do everything we can to keep Congress from wanting to cut it."

Garrett said Monday that his purpose for writing the item was not to criticize Echols or to over-play the possibility of losing the federal funding, but to put the whole issue out in the open so that it wouldn't slip by unnoticed.

"I got in this game to make government move on behalf of the people," Garrett said. "If I get people know what was happening with the bridge, it would put on some pressure. It'd do some things." Maybe it will get the government to move.

Garrett said he was assured

by Madison County Board Chairman Nellie Hagnauer that the bridge funding wouldn't be lost, but he said Hagnauer also said Venice needed to be willing to pay its fair share as well.

"Mr. Echols needs to remember he is dealing with politicians who are as slick as he is and they want to hold on to their money too," Garrett said. "Venice has got to open up its pockets. Just because it's a black country for doesn't mean it has to wait around for a handout. Venice needs to go out and get it themselves."

Garrett said he understands Echols' reluctance to risk the city's money, but said "there are times you have to take your best shot regardless of the risk."

The McKinley Bridge is much too important to Venice and Madison County — to have any one playing games with it, Garrett said.

"All the money in Madison County, all the heavy industry taxes that keep this county functioning, are located within a mile of Route 3," Garrett said. "Without the McKinley Bridge right now, there is no Route 3. Without Route 3 there is no Madison County."

Westmoreland said he felt sorry for the Vietnam veterans when he retired he forced his number-one responsibility would be to them.

As a result, he went on a quest to set Americans straight.

During his speech on the main stage Saturday, Westmoreland addressed the Vietnam veterans, saying "You fought in the toughest and most difficult wars our country has ever fought, and you did a heck of a job. I had just a bunch of kids when they fought in Vietnam."

tenced at a later date. Richard Loftus, 26, of Granite City, has already been sentenced to a 20-year term.

Prior to being sentenced Tuesday, Russell expressed remorse for his involvement.

"I'm a burglar — I ain't no murderer," he said. "I've never hurt anyone in my life. I don't think I could hurt a fish, much less a person."

I just got high one night and did something real stupid. But I ain't no murderer."

Ramsey's motion to withdraw his guilty plea was rejected by Keshner. Ramsey's attorney said he would refile the motion.

During the first round of the sentencing hearing, held two weeks ago, McIntyre, 19, of Granite City, testified that Ashing had been increasingly nervous last August after she was accused of stealing money from

by Madison County Board Chairman Nellie Hagnauer that the bridge funding wouldn't be lost, but he said Hagnauer also said Venice needed to be willing to pay its fair share as well.

Bauer's savings account. After Bauer reported the theft to the police, Ashing told McIntyre she wanted Bauer's house burned, he said.

"She said that she didn't care how it was done," McIntyre said. "She wanted the house burned up."

McIntyre then detailed how the men entered Bauer's house after midnight on Aug. 10 and found Bauer asleep in his bed. The men placed a throw rug over Bauer's face, beat him with a skillet, strangled him with a belt and set his house on fire, McIntyre said.

The men were supposed to find \$1,500 Bauer allegedly kept in his house, but didn't, McIntyre said.

Russell brought that hearing to a close when he evoked the Fifth Amendment midway through his testimony, saying his plea agreement did not include self-incrimination on the witness stand.

Ashing's family members testified that she was a caring person who was a good mother to her three children.

## Sibling class planned

St. Elizabeth Medical Center, 2100 Madison Ave., Granite City, is offering an opportunity Sept. 11 for siblings to learn that they are an important part of the upcoming arrival of a new brother or sister.

SEMC's Expectant Sibling Class allows children to participate in activities directed toward their role in welcoming and understanding their family's newborn baby.

To attend the class, children must be three years old or older, and the expectant mother must be at least six months pregnant. The child must be accompanied by a parent, who will also be involved in the class activities. The cost is \$5 per child or \$10 for a family of two or more children.

The class will meet on Saturday, Sept. 11, from 10 a.m. to noon in the OP Solarium, located on the second floor of the Doctors' Wing at SEMC. Registration is required. Deadline for registration is Friday, Sept. 3.

For more information or to register, the number is 726-0940.

## Soil district plans annual tree sale

The Madison County Soil and Water Conservation District will hold a tree sale again this fall.

The trees available are Norway spruce, eastern white pine, Colorado blue spruce, Douglas fir and red pine.

For more information, persons may call the district office at 656-5166 or stop by the office at 7205 Marine Road in Edwardsville.

## FOOD LOVERS DIET

To introduce a new approach to dieting, free samples were given to 50 people. With The Omicron Diet, one man lost 14 pounds in 5 days and one woman lost 18 pounds in 10 days. The average weight loss was over a pound a day for women and over 2 pounds a day for men. The Omicron Diet is a revolutionary new concept for unbelievably fast weight loss developed and clinically proven by National Dietary Research of Washington, D.C. This significant breakthrough in metabolic weight control was made possible by the utilization of biological information over-looked by other diet programs. With a formulation of natural enzymes along with real food, you shed unwanted pounds extremely rapidly and safely. Now available:

# Barbecue backs up to books

By Janice Denham  
Staff writer

This is the week when the calendar page has momentum to turn itself. The last summer holiday melts into preparation for school. Colleges already have begun classes, while younger folks gradually return to school routine with a secret hint of anticipation in their stride.

Foods also make a transition. A holiday barbecue starts and ends early because of earlier dunks and wake-up calls. This grand finale can be fancy or end with a watermelon seed spitting contest, but it should include an inviting meal and friendly camaraderie.

Serve a single barbecued dish or let the entire meal revolve around cooking on the grill. As a side dish, serve long Italian rolls cut in half lengthwise and spread with a mixture of margarine, parmesan cheese, chopped parsley, chives and thyme. Wrap in aluminum foil and warm 10 to 15 minutes on the grill. To enhance the flavor and aroma of grilled foods, wood chips can be soaked in water, then added to the briquettes.

The school backpack includes snacks. Pack a few extra homemade cookies to impress this year's new teacher, too. The ABCs of America's Best Cookies is a lesson that makes delicious reinforcement throughout the term.

## Lemon-garlic angel hair

- 3 large heads garlic
- 2 tbsp. Dijon mustard
- 2 tbsp. lemon juice
- 1/4 tsp. pepper
- 2 cups cut-up fresh vegetables, such as snow peas, mushrooms, broccoli, carrots
- 1/4 cup water
- 8 oz. uncooked angel hair pasta

Cook pasta according to package directions. Drain. Spray each head of garlic lightly with nonstick cooking spray. Wrap each separately in foil. Place in small baking pan. Bake in preheated 400° oven 15 minutes. Cool 10 minutes. Separate cloves. Squeeze cloves to extract pulp. Discard skins.

In food processor or electric blender, puree garlic, mustard, lemon juice and pepper.

In skillet over medium-high heat, sauté vegetables in margarine until tender-crisp. Add garlic mixture and water. Reduce heat to low. Cook and stir until sauce is heated through.

Toss with hot cooked angel hair. Serve immediately. Makes 4 servings.

## BLT tortilla bites

- 1 pkg. (8 oz.) neutchetal (light cream) cheese, softened
- 1/4 cup Dijon mustard
- 1 jar (7 oz.) marinated artichoke hearts, drained, chopped
- 2 (10 inch) flour tortillas
- 2 cups fresh spinach leaves, rinsed, well drained
- 1/4 cup finely chopped tomato
- 6 slices bacon, cooked, crumbled
- Watercress, for garnish

In small bowl, using electric mixer at medium speed, blend cream cheese and mustard until smooth. Stir in artichoke hearts. Spread about 1/4 cup mustard mixture on each tortilla. Layer each with spinach, tomato, bacon and remaining mustard mixture. Roll up each tortilla jellyroll fashion. Wrap each roll in plastic wrap and chill at least 2 hours or overnight.

To serve, cut each roll in twelve (1/2-inch thick) slices. For easier slicing, place rolls in freezer 20 minutes before slicing. Garnish with watercress. Makes 2 dozen.

## Grilled fruit kabobs

- 1 carton (8 oz.) low-fat vanilla yogurt
- 1/4 cup honey, divided
- 2 tsp. orange juice
- 1 tsp. grated orange peel
- 1/2 tsp. grated lemon peel
- 4 cups fresh fruit pieces (pineapple wedges, whole strawberries, nectarine and kiwi fruit chunks)
- 16 cubes (1 inch) pound cake (about 1/2 loaf)
- 2 tsp. margarine, melted

In small bowl, blend yogurt, 2 tablespoons honey, orange juice, orange and lemon peels. Chill until serving time.

Soak eight 10-inch wooden skewers in water 30 minutes. Alternately thread fruit and cake on skewers. Blend remaining honey and margarine. Grill kabobs directly over heat source 8 to 10 minutes until cake is toasted, turning and brushing frequently. Serve immediately with citrus sauce. Makes 8 kabobs.

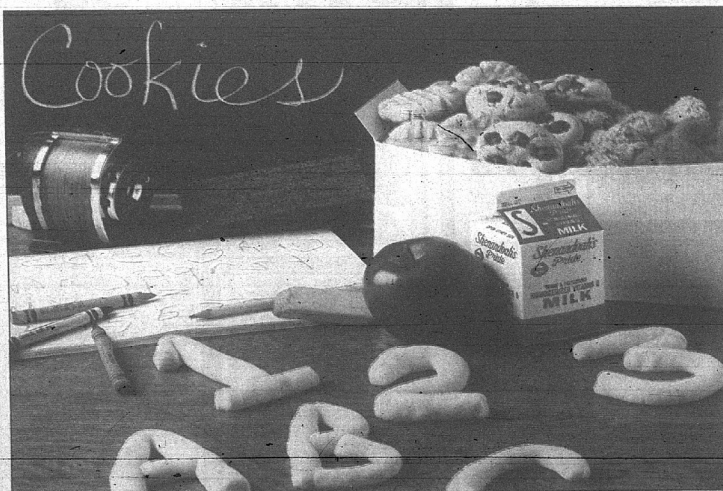

## Honey mustard glazed pork

- 4 boneless center pork loin chops, cut 1 1/4 to 1 1/2 inch thick
- 1/4 cup Dijon mustard
- 1/4 cup honey
- 1/4 cup cider vinegar
- 2 tsp. reduced-sodium soy sauce
- 1 tsp. dry sherry
- 1 tsp. minced parsley
- 2 cloves garlic, minced
- 1 tsp. grated fresh ginger
- 1/4 cup julienne-cut scallion
- 1/4 cup julienne-cut green bell pepper

Place pork in resealable plastic bag. Blend mustard, honey, vinegar, soy sauce, sherry, parsley, garlic and ginger. Reserve 1/4 cup mixture, add remaining mixture to pork. Seal bag. Chill 4 to 24 hours.

Remove pork from marinade. Grill pork over medium heat in covered grill about 12 to 15 minutes, turning once and basting with marinade.

Heat reserved sauce in small saucepan 5 to 7 minutes until thickened. Arrange pork on serving platter. Top with heated sauce, scallion and pepper. Serve immediately. Makes 4 servings.

## Ultimate sugar cookies

- 1 1/4 cups granulated sugar
- 1 cup butter-flavored shortening
- 2 eggs
- 1/4 cup light corn syrup or regular pancake syrup
- 1 tsp. vanilla
- 3 cups flour
- 1/2 tsp. baking powder
- 1/2 tsp. baking soda
- 1/2 tsp. salt

Decorations, as desired: granulated sugar, colored sugar, frosting, candies, chips, nuts, raisins, decorating gel.

Using medium speed of electric mixer combine sugar and shortening in large bowl until well blended. Add eggs, syrup and vanilla. Beat until well blended and fluffy. Combine flour, baking powder, baking soda and salt. Gradually add to creamed mixture at low speed of mixer. Mix until well blended. Divide dough in quarters. Wrap each segment in plastic wrap. Refrigerate at least 1 hour until ready to use.

Preheat oven to 375°.

Cut out cookies: Spread at least 1 tablespoon flour on large sheet of waxed paper. Place one dough segment on floured paper.

Flatten slightly with hands. Turn over dough. Cover with another large sheet of waxed paper. Roll dough 1/4-inch thick. Remove top sheet of paper. Cut out with floured cutter. Transfer to ungreased baking sheet with large pancake turner. Place 2 inches apart. Roll out remaining dough. Alphabet and numeral cookies: Shape mound of dough about the size of an egg into log. Roll with hands into log about 6 inches long. For 4-inch high cookies, log should be diameter of dime; for 2-inch high cookies, log should be diameter of pencil. Form letters and numbers from logs. Trim with scissors or butter knife. Place 2 inches apart on ungreased baking sheet. Roll out remaining dough.

Sprinkle with granulated or colored sugar, or leave plain to frost and decorate when cooled.

Bake one baking sheet at a time in preheated oven 5 to 9 minutes, depending on size of cookies. Do not overbake. Cool 2 minutes on sheet. Remove cookies to sheets of aluminum foil on flat surface to cool completely. Frost and decorate, if desired. Makes 3 to 4 dozen.

# Dazzle crowd with salads loaded with fruit

Packaging a salad is easy when a variety of colorful summer favorites outline the bowl.

Salads are integral to summer eating. These ideas are loaded with sweet fruit and sugar-free gelatin as a base. Fat-free, these spectacular beauties at 80 calories or less per serving fit those who try to maintain a healthy lifestyle.

They are a perfect solution to rounding out a meal without padding the waistline. These beauties can double as light, refreshing desserts.

Cool, sweet melons are automatic refreshers. During peak season, which runs through September, their ripe off-the-vine flavor is packed into a handsome Watermelon Fruit Bowl. The color of watermelon receives emphasis from pleasantly-pink, sugar-free watermelon gelatin.

Wine adds a spirited touch to White Sangria Splash, a festive summer salad brimming with fresh fruits. Fruit juice can replace the wine, if desired. This salad is also timely later in the season made with crisp chopped fall apples and orange segments.

In general, a good melon has a sweet aroma and is firm, unbruised and evenly shaped. If the fruit rattles when shaken, it may be overripe. Let underripe cantaloupe or honeydew stand one to three days at room temperature to soften the melon and make it juicier.

## Watermelon fruit bowl

2 pkg. (6 servings each) or 4 pkg. (4 servings each) sugar-free gelatin, watermelon or other flavor  
4 cups boiling water  
4 cups cold water  
1 cup each watermelon balls, honeydew and cantaloupe melon balls, sliced bananas and strawberries

**Watermelon Bowl:** Dissolve gelatin completely in boiling water in large bowl. Stir in cold water. Refrigerate until thickened. Stir in fruit.

**Spoon mixture into Watermelon Bowl.** Refrigerate 3 hours until firm. Makes 16 servings.

**Watermelon Bowl:** Select a large round watermelon (12 to 14 pounds). Cut off thin slice from bottom to let watermelon stand alone. Slice off top third of watermelon. Cut in star pattern, if desired. Scoop out watermelon with melon baller or cut fruit in cubes. Use in gelatin.

**Mix pleasein' cheese 'n macaroni**  
Cook 1 package (7 or 8 ounces) macaroni or other favorite pasta according to package directions. Drain.

Melt 1 carton (8 ounces) cold pack cheese — Swiss almond, bacon or horseradish flavor — with 1/4 cup milk over low heat, stirring until smooth. Add macaroni and 2 tablespoons softened butter. Cook and stir over medium heat until thoroughly warm. Season with pepper, if desired. Makes 4 to 6 servings.

## Aladdin

Another animated triumph for Disney as the classic story of "Aladdin" is given exciting, adventurous life. Ron Meyer steals the film as the voice of the Genie. Great for all members of the family. See it once, and you'll want to see it again. (\*\*\*\*)

Rated G. Running time: 95 minutes. Creve Coeur, Lindbergh, Ritz, Cross Keys.

## Another Stakeout

Lukewarm rebash of popular cops-as-buddies comedy from 1987. Comedienne Rosie O'Donnell joins Richard Dreyfus and Emilio Estevez in this formula film with television-style laughs. (\*\*) Rated PG-13 (violence, vulgar language). Running time: 109 minutes. Northwest Square.

## Cliffhanger

Not reviewed. Lindbergh, St. Andrews, Avalon.

## Dave

Kevin Kline headlines a funny cast in this improbable but great story of an ordinary guy who gets to stand in for the president of the United States. Directed by Ivan Reitman. Very funny. Very enjoyable. (\*\*\*\*)

Rated PG-13 (adult situations and language). Running time: 107 minutes. Creve Coeur, Lindbergh, St. Andrews, Cross Keys.

## Dennis The Menace

Disappointing film adaptation of popular Hank Ketchum comic strip. Even Walter Matthau can't pump much fun into this unhappy, so-called kids' comedy. Newcomer Mason Gamble plays Dennis. It may be a one-film career for the 8-year-old. (\*\*) Rated PG (comic violence). Running time: 92 minutes. Lindbergh, Village, St. Andrews, Cross Keys, Avalon, Rozana, Ritz.

## Father Hood

Not reviewed. Des Peres, Halls Ferry, Keller, Kenrick, St. Charles, St. Clair, Union Station, Northwest Square, Esquire, Eastgate.

## The Firm

Unsatisfying, elongated film treatment of John Grisham's runaway best-seller about a young attorney who takes on a firm that's too good to be true. Tom Cruise and Gene Hackman headline. (\*\*) Rated R (violence, language and sexual situations). Running time: 145 minutes. Des Peres, Halls Ferry, Ronnie's, St. Charles, St. Clair, Northwest Square.

## Free Willy

Good children's story about a runaway boy and a captured whale who learn how they can help one another and set each free for a new and better life. (\*\*) Rated PG for mild action levels. Running time: 105 minutes. (\*\*) Alton, Clarkson, Kenrick, Jamestown, Mid Rivers, Ronnie's, St. Charles, St. Clair, Northwest Square.

## Friday the 13th

Not reviewed. Westroads.

## The Fugitive

Explosive feature film adaptation of the popular television series of the 1960s. Harrison Ford is ideal as Dr. Richard Kimble, the physician on the run who is wrongfully convicted of murdering his wife. Tommy Lee Jones is chilling as a U.S. Marshall determined to catch him. (\*\*\*\*)

Rated PG-13 for violence. Running time: 132 minutes. Clarkson, Eureka, Halls Ferry, Keller, Mid Rivers, Northwest Plaza, St. Clair, St. Park Drive-In, Union Station, Crestwood, Regency, Esquire, Eastgate.

## Hard Target

Jean-Claude Van Damme does what he does best in this martial arts movie about human bounty hunters. The movie is nothing but an excuse for kicking, fighting and killing. Directed by John Woo, Hong Kong's most successful martial arts moviemaker. (\*\*) Rated R (extreme violence and language). Running time: 102 minutes. Chesterfield, Eureka, Halls Ferry, Kenrick, Mid Rivers, Northwest Plaza, Ronnie's, St. Clair, North Twin, Union Station, Plaza Twin, Regency, Esquire, Westroads, Eastgate.

## Heart and Souls

Story about a little boy and four kindly ghosts who become an integral part of his life, both as a kid and an adult. Billed as a romantic melodrama, the film succeeds only at comedy — and not to a great degree. (\*\*) Rated PG-13 for adult situations and references. Running time: 104 minutes. Alton, Clarkson, Des Peres, Eureka, Halls Ferry, Kenrick, Mid Rivers, Ronnie's, St. Charles, St. Clair, Northwest Square, Galleria, Westroads.

## Hocus Pocus

Disappointing star vehicle for Bette Midler as the leader of a trio of 17th century witches who return or one more brood ride around the block. A formulaic script and lackluster humor don't help this juvenile effort. (\*\*) Rated PG (mild scares and questionable references to a youngster's virginity). Running time: 93 minutes. Crestwood, Northwest Square.

## Indecent Proposal

The ever-engaging Robert Redford returns to the big screen as a billionaire businessman who offers a couple in need a million dollars if he can sleep with the wife. A moral fable, slight in script but well-paced and fast-moving. (\*\*\*\*) Rated R (adult language, sexual suggestiveness and nudity). Running time: 118 minutes. Lindbergh, Village, Cross Keys.

## In The Line Of Fire

Clint Eastwood plays a tough-minded U.S. Secret Service agent trying to redeem himself 30 years after failing to save the life of President John F. Kennedy when Kennedy was shot in Dallas. The film is well-made, with John Malovich giving a superb performance as an ex-CIA operative turned presidential assassin. Great last-minute finale. (\*\*\*\*) Rated R (violence and adult language). Running time: 123 minutes. Chesterfield, Halls Ferry, Keller, St. Clair, 66 Park Drive-In, Westport, Crestwood, Regency, Esquire.

## Jason Goes to Hell

Tired, stupid, violent "continuation" of the "Friday the 13th" bloodbaths... this time promising Jason really gets killed for good. One can only hope. (\*\*) Rated R (violence and nudity). Running time: 88 minutes. Halls Ferry, Northwest Plaza, North Twin, Union Station, Quad, Jurassic Park.

Spectacular film adaptation by Steven Spielberg of Michael Crichton's best-selling novel about a eccentric billionaire who clones dinosaurs and builds a theme park to show them off. A special effects triumph with great levels of action and excitement, although it may be too intense for children under the age of 10. (\*\*\*\*) Rated PG-13 (scenes of dinosaurs attacking and overall levels of action). Running time: 127 minutes. Halls Ferry, Kenrick, Northwest Plaza, Ronnie's, Regency, Nameoki.

Rating Guide: \*\*\* excellent; \*\* good; \* average; \* poor. Films without stars have not been seen by a Journal critic.

## Kickers blank Knights in season opener, 5-0 Warriors survive heat wave

By Tony Panozzo  
Staff writer

The Warrior soccer team passed its first test of the season without passing out Saturday, shutting out Peoria Richwoods 5-0 under severe heat conditions.

In a game that had to be stopped at several points along the way for water breaks, the Warriors took control early and dominated the Knights as the temperature climbed into the high 90s.

MATT LITTLE GOT Granite City going with a goal at 6:36, and that was all the Warriors and goalkeeper David Kasproovich would need. Shawn Petroski had two goals, one in each half, to lead Granite City offensively.

"I was happy with the kids," Warrior coach Gene Baker said. "We wanted to execute early, and we really wanted a shutout. It was a good start to the season."

Both teams substituted often throughout the game and used junior varsity players for the most part in the second half. The Warriors made it a long day

Kasproovich Petroski for the Knights, who were outshot 22-2.

As the game went on, the Warriors kept the ball in Richwoods' end and got by with just one defender in the backfield. Kasproovich came out of the game at halftime, and Mike Bristol and Don Murphy handled the goalkeeping chores for the second half.

"WE CAME OUT and did what we were looking to do," Kasproovich said. "It was good to get everyone in. We were really hyped up for this one."

After Little beat Richwoods goalkeeper Brandon Hagenbuch with a shot that crumpled off the (See KICKERS, Page 2D)

Granite City senior Jamey Bridges sweats it out during Saturday's game.

## Golfers stumble at tournament after first win

The Warrior golf team opened the season on a winning note last week in a four-team meet at Arlington Golf Club.

Led by medalist Greg Bixler's 37, the Warriors finished with a total of 156 to easily outdistance Highland (173), Triad (181) and Civic Memorial (183).

OTHER LEADING golfers were Ken Felly, who shot a 39, and Pat Schuman, Ryan Duff and Matt Ruder. All three scored 40.

"The kids played great," Granite City coach Russ Chappell said. "We had a real good day."

The Warriors suffered a letdown, however, over the weekend at the Quincey Tournament. Granite City placed 18th out of 28 teams and behind several area teams, which concerned Chappell.

Felly shot a team-low 82, while Bixler shot an 84. Ruder finished with an 85. Ryan Szymanski fired an 89 and David Martin scored a 99.

"I EXPECTED TO have at least 15 shots less among them," Chappell said. "We should have bounced back, but I just think (See GOLFERS, Page 2D)

## Warrior gridders enter year with experience, new looks Seniors giving Granite City strong foundation

By Tony Panozzo  
Staff writer

Game experience and the presence of seniors, two key ingredients to a high school football team's potential for success, were hard to come by last year when Granite City coach Don Harris took over the program.

This year, Harris says, should be different. The program is full of seniors and players who saw time on the field last year, something that can only help as the Warriors prepare to improve on a 1-8 record.

Granite City struggled in Harris' first year, partly because

few players were experienced at the varsity level following the Warriors' 1991 run to the playoffs.

"LAST YEAR'S SENIORS didn't play as juniors, which made it tough," Harris said. "This year, it's a senior laden team. We're hoping the experi-

ence pays off.

"I think the strength of our team is experience. A lot of these kids played last year. They know what level they have to play at."

The Warriors have more size and speed to work with this season as well. The team will have a much different look Friday when it visits Cahokia in the season opener for both teams.

The Warrior offense will be led by Donald Harris, the coach's son. The younger Harris played backup last year to Pat Curry, who will move to fullback.

CURRY, a 6-foot-4, 235-pound junior, was one of the team's hardest workers over the offseason. He will run the ball and also play middle linebacker on defense, a position he did not take on last year because of his (See GRIDDERS, Page 4D)

## Net gain Madison spikers speak out, save season

By Mike Kelly  
Correspondent

It's that time of year again. The fall sports teams are rounding themselves into shape for the upcoming season. Football, volleyball, golf, girls tennis and cross country will take center stage in the next few weeks.

THE SEASON WILL be filled with memories, disappointments and accomplishments. It's a fulfilling experience for a student athlete. But Madison High School nearly missed out on all the fun.

Plagued by financial problems, the District 12 school board had plans to scrub athletics. But the athletes came to the rescue. While football was victimized by the almighty dollar, the volleyball program has been saved and cross country was added as a boys sport. And volleyball coach Johnna Wells praised the effort.

"The kids made this possible," said Wells, who was an assistant volleyball coach for six years before taking over the reins this season. "I really thought athletics were a passing thought,

Johnna Wells Taking over program

but the kids kept calling me every day about the situation. They went out, made the effort and saved the program."

NOW, MADISON MUST show that enthusiasm on the court. The Trojanettes have struggled in recent years. Wells said that

"It's a drastic change compared to last year. Kids used to skip practice, but not this year. They appreciate what they have because they nearly lost it."

—Johnna Wells  
Trojanette coach

could change this season. "Most of our girls played junior varsity last season and they produced a winning record (9-5)," she said. "I'm confident they can put together a decent season. Reaching .500 is not out of the question."

The Trojanettes return three starters, but they're blessed with youth. Leading the way is senior Angie Hamm (5-foot-6) and juniors Celenia Browley (5-2) and Marcelle Banks (5-9).

"All those girls played varsity (See SPIKERS, Page 2D)

## Cross country returns to Madison Collins' cagers leading way for new program

By Mike Kelly  
Correspondent

The high school basketball season is still four months away, but Al Collins is already taking the necessary steps.

Collins, who coaches basketball at Madison High School, has taken over the coaching reins in cross country. The Trojanets, who opened the season Monday at Freeburg, have 20 runners in uniform.

"IT'S THE FIRST time in more than 10 years that we've had cross country here," Collins said. "We're basically using this as a tune-up for basketball. It'll get our people in shape, but we do have six or seven runners that can be competitive."

Leading the pack are freshmen Marcus Edwards and 6-foot-4 Alvin Valentine. Sophomore Milan Jones and seniors

Edmund Butler and Eugene Williams round out Madison's top five runners.

"These kids could be my starting five in basketball," Collins said.

"My goal is getting these kids to work together as a unit."

"They're dedicated kids. We've had eight years of practices and Al Collins I've been impressed with every one. These kids have the stamina to run a solid race. We might sneak up on some people if they don't take us seriously."

Junior Vincent Jones is Madison's best runner, but he's missed several practices.

"Vincent ran cross country in Texas," Collins said. "He could be a tremendous runner, but

he's only shown up to three or four practices. He's not real dedicated right now."

"I made cross country a mandatory sport for all the basketball players. If they can't show up and help this fall, then I can't depend on them this winter."

IT'S A miracle that Madison even has a cross country team. Financial problems nearly wiped out the athletic program.

"But the volleyball players and their parents persuaded the booster club to save their program," Collins said. "Since we lost football, the board decided to add cross country for a boys sport. It's inexpensive."

"I wanted the job because I saw cross country as a tool for basketball. We've got some kids that can do the job. It could be a promising season that will pay off when basketball rolls around."

## Lady Warrior tennis program on upswing

By Mike Kelly  
Correspondent

Granite City girls tennis coach Laura Chappell is cautiously approaching the upcoming season.

Her inaugural season was anything but memorable. The Lady Warriors won only three matches last year and finished fifth in the six-team Southwestern Conference.

"IT WAS A tough year for all of us," Chappell said. "We lost some matches we should have won and we got blanked on more than one occasion. It's tough to take. It was a frustrating season."

But every cloud has a silver lining. The Lady Warriors, who opened the season Tuesday at Triad, return eight players and

two starters. Leading the way is senior Nicole Zelenka and sophomore Marcy Holsinger.

"Those two teamed up as a doubles team last season," Chappell said. "They'll be our top doubles team this season. They complement each other very well. Nicole has been with the program all four years, and Marcy had an excellent freshman year."

But Granite City's biggest problem is finding a No. 1 player in singles competition. Zelenka and Holsinger are the top candidates. Freshman Geeta Kumar senior Stacy Rath and junior Wendy Atkinson have also been tossed into the mix.

JUNIOR SABINA Kumar and senior Debbie Engelle will team up as Granite City's No. 2 doubles team. Senior Joanna Webb

rounds out the roster.

"Stacy and Wendy are fighting it out right now for the No. 4 spot," Chappell said. "Whoever wins that battle will rotate with Zelenka, Holsinger and Geeta to play No. 1."

"We really don't have a No. 1 seed. Most of our girls never picked up a racket until they came to high school. And playing a difficult schedule like we do, the last thing I want is to discourage my kids."

Chappell wants to build up her numbers. There are now 19 girls in the program.

"AND MOST OF those girls are freshmen," she said. "It takes at least 10 players to make up a varsity squad. That only leaves a few bodies to play junior varsity (See TENNIS, Page 2D)

## Modified rookie sweeps events at Tri-City

By Steve Birmingham  
Correspondent

Modified rookie John Baur swept house at Tri-City Speedway by winning his heat, the dash and the Allied Auto Racing Association (AARA) Modified main Saturday while Tommy Scott raced to his 15th 360 Sprint Car win.

Baur started the feature in seventh position and narrowly missed a near disaster as pole sitter Maury Bargetzi spun exiting turn two. With the entire field bearing down on him, Bargetzi was able to slide to the infield out of harm's way. The restart saw Bob Minor lead into turn one with (See TRI-CITY, Page 4D)

left goalpost into the net. Petroski broke in deep on a pass from Jared Rafferty and made it 2-0.

"Jared Rafferty didn't score, but he really lit us up," Baker said. "He got us going with some nice plays."

Jon Reader followed up with another first-half goal off a head deflection by James Pridemore to make it 3-0. Senior striker Brian Kohler had a chance to convert a penalty kick late in the half, but his shot went high over the net.

But Corey Kessler came back with a 20-yard blast early in the second half to beat Hagenbuch. Kessler's goal came on a direct kick with Kohler running across on the restart.

"(Hagenbuch) didn't even move on that one," Baker said. "He just looked at it. That was a bomb."

Petroski closed out the scoring with a goal assisted by John Nizinski.

The shutout was a much different outcome than last year's season opener, when the Warriors traveled to Peoria and managed to win 3-2 in a hard-fought physical battle.

The Warriors earned 12 corner kicks, eight in the second half, while Richwoods was awarded one for the entire game.

"They weren't half as physical as last year," Petroski said. "It was a bloodbath."

"We were really excited about this game. We were a little concerned about the defense, but it held up real well. This is a good sign."

"We had good communication," Kaspovich said. "Everybody's working hard. We're just hoping to keep it up."

Granite City had a busy schedule this week, beginning with Tuesday's game at Civic Memorial. The Warriors' next game is Thursday at home against Cahokia.

The Warriors will then face a major challenge Saturday when they play Vianney. The Cahokia Griffins, one of the top high school teams in the nation, entered this season with a 61-game winning streak.

NOTES: The Granite City junior varsity team began the day with a shutout of its own, defeating Richwoods 1-0 behind a goal by Steve Logan. Most of the JV players also saw time in the varsity contest.

"They ran themselves silly," assistant coach Virgil Kirksey said. "It was a long day for them."

The Warriors lost just one player to injury during the varsity contest, Paulie Bucherich. Bucherich left the game in the first half with a groin injury and was expected to return soon along with Sean Lakatos, who missed Saturday's game with an injured toe.

last season," Wells said. "They're our most experienced players. The rest of our kids are underclassmen or first-year players. We're junior heavy."

Juniors Tracy Granger (5-5), J'Quaria Boyd (5-3) and Sherry Griggs (5-6), sophomores Cheryl Gardner (5-7) and Heather Withers (5-4) and two first-year players, junior LaTasha Montgomery (5-6) and senior Felicia Phillips (5-8), round out the roster.

"Basically, this isn't a bad team athletically," Wells said. "We might be a small school, but we're big in taking themselves seriously."

"It's a drastic change compared to last year. Kids used to skip practice, but not this year. They appreciate what they have because they nearly lost it."

Madison's biggest handicap will be size. Banks and Phillips are Madison's tallest players.

"We might be small in stature, but we're big in heart," Wells said. "These kids are tired of being pushed around. We'll be underdogs in every match we play, but we're ready to give our opponents a stiff test."

"That's our battle cry this season. We've won a major victory saving the program. We have to carry it into the season."

Madison opens the season Thursday at Duplo.

the maturity level was lacking."

Chappell said the experience at Quincy might pay off in the long run for the Warriors, who were scheduled to take on Metro East Lutheran and Alton Marquette on Tuesday and Edwardsville, Red Bud and Greenville today at Edwardsville.

"The kids know what they have to do now," Chappell said. "We have a positive outlook."

NOTE: Gabe Mitchell, a senior and starter from last year, is back with the golf team. He was not mentioned in last week's season preview.

# Big Island paradise awaits Journal travelers

At 800,000 years it is the youngest of the Hawaiian Islands, almost twice the size of all the other islands combined, and an active volcano keeps it growing. The Big Island (4,038 square miles) is the place where Polynesian voyagers first stepped ashore 1,500 years ago, making it the cradle of Hawaiian civilization. Today the Big Island enjoys vastness, diversity and history.

Five volcanoes built the island. Two of them are among the tallest peaks in the Pacific — Mauna Kea, the White Mountain, (it frequently snows there) is 13,796 feet; and Mauna Loa, the Long Mountain, reaches 13,679 feet. The latter also is the largest single mountain mass in the world.

In the Hilo district, perhaps the flower-growing capital of

America, are waterfalls, rainforests, the magnificent Liliuokalani Gardens, and acres of Japanese-style gardens replete with elegant bridges and fish ponds.

In the Waimea region the long green meadows are: freckled with cattle and horses, and the air is sweet with the smoke of campfires. Cactus grows alongside exotic Hawaiian blossoms.

Farther south, past the sandy beaches of Waikoloa and the Kohala Coast, the tropical region of Kona — where the famous gourmet Kona coffee is grown — offers up the ambience sought by those who envision the islands as a place to escape into sunshine and seacoast. The Big Island also is the world's largest producer of macadamia nuts.

The Big Island also is dotted with churches built by the first missionaries, Hawaiian temples

and sites reconstructed from ancient Hawaii.

Throughout the island are places devoted to pleasure: elegant hotels, championship golf and tennis courts, picturesque riding and hiking trails, and colorful beaches.

Charter boats are plentiful on the island, which annually hosts the world series of fishing, the Hawaiian International Billfish Tournament.

From the Big Island sprang laws, customs and styles that guided the rest of the island chain, and because of that importance, the island nurtures its historic sites and shows them proudly to visitors.

In February the Journals' Grand Tour returns to Hawaii and the Big Island. Reservations are available to all Journal readers, who may contact their local

Vista Independent Agent or call Tenholder Travel at 894-5555 in St. Louis or toll free 800-333-5910 for information.

In addition to the two-week Grand Hawaii tour in February, the Journals also are offering a special "Christmas in Hawaii" vacation tour which departs Dec. 24 and visits Oahu's Waikiki and Maui's Kaanapali Beaches during the holiday week. Reservations are being accepted now.

WHY HIM? WHY HER?

What is it about this person? Why do they attract you so? At one time or another, everyone finds that irresistible someone. What makes that magic? Why do they drive you crazy? The stars can shed some light on these questions.

I can compare horoscopes for the two of you: Is it in the stars, or are you star-crossed lovers? This 15 page report looks at each of your styles of relating and the relationship between you. It's so accurate you may not want to show it to your lover!

In addition to friends & lovers, solve the mystery behind relations with co-workers, employers, siblings, parents, relatives, etc.

To order: include birthdates, places of birth, times (Use 12 noon, if time is unknown) for the two of you. Specify romantic or non-romantic relationship. Send \$16.95 to READINGS BY JEANNE, Box 983, Collinsville, IL 62234. Money Order will insure same day service.

## Horoscope

**WEDNESDAY, SEPTEMBER 1**  
Whatever falls by the wayside now you have outgrown anyway, so let go. This is a perfect cleaning day — keep watching for unexpected treasure as you dig through drawers, sort and discard. Sentimental tokens will resurface to add some magic to the mundane. Tonight, cheer up a sick friend or relative. If a dinner guest doesn't show, find a lonely neighbor to share your evening.

**ARIES** (March 21-April 19). At work, step lightly around the egos of others. Keep your eye on the ball, and don't ask too much of your body, which needs lots of rest and extra pampering. Actions — kind ones — are preferable to words.

**TAURUS** (April 20-May 20). Decisions you may have put off are now made for you. That decision to expand experience or knowledge is far-reaching, so go ahead and take a chance. Travel comes up, due to family or in-law needs.

**GEMINI** (May 21-June 21). Parents and children are the focus, so be available to both. It's not important to be the formal leader because your influence is clearly having an effect. Responsibility can be fine — accept it willingly.

**CANCER** (June 22-July 22). Get involved. Friends and co-workers are in a stew, and you can soothe feelings or even solve the problem. Tonight, your mate shows the need for your caretaking skills. Isn't it nice to feel important?

**LEO** (July 23-Aug. 22). Your mate may make confession about overspending. Watch for a chance to help cover for a co-worker. Your loyalty will be repaid. Jealousy can make waves in close relationships, so be open and up front about feelings.

**TODAY'S BIRTHDAY** (Sept. 1). New ideas have potential to take you into a future full of adventure in October and November. Success enables you to firm the foundations in December. Next January and February, teach what you know to others. Exercise your imagination freely, believe in yourself and put notions to a careful practical test before getting in too deep through March '94.

**VIRGO** (Aug. 23-Sept. 22). Experiences with love are unpredictable and subject to sudden change. Be patient, as one who loves you is trying to get closer. A child's fear or nightmare calls for reassurance and patient listening.

**LIBRA** (Sept. 23-Oct. 23). Impress a new romance with your efficient handling of an unexpected event. Tonight, a little plumbing and/or electrical problems at home are easier to handle than they first appear to be.

**SCORPIO** (Oct. 24-Nov. 21). Travel plans or other fun may have to be delayed. Give yourself a chance to catch up on routine at home and work, but delay running errands until tomorrow, when the flow of traffic is smoother.

**SAGITTARIUS** (Nov. 22-Dec. 21). Enjoy planning and list making. Getting organized helps you ease the worry about what you need vs. what you have. Fresh funds are on the way, but continue to spend conservatively.

**CAPRICORN** (Dec. 22-Jan. 19). A favor is asked, and it's a good idea to come through for this person, if you can. Take extra rest, and treat yourself to a healthy meal. Nerves are a little frayed, but you're coming on strong soon.

**AQUARIUS** (Jan. 20-Feb. 18). If little job frustrations are pushing your emotional buttons, take a walk or another kind of break. Give yourself a chance to get to know the new co-worker before making judgments.

**PISCES** (Feb. 19-March 20). An important friend wants to help your career, so this is the time to live up to those ambitions and goals. This evening is for spiffing up the wardrobe and primping. You're about to take center stage.
